

New Trend

Manifest

She calls me all the time, and I tell her

What are you into, I'm loadin' it sideways
I'm leavin' the rent rate (You're stuck under my space)
Forget about my face, I'm hangin' with new friends
Listen to music, this is the new trend
I love entertainment, wherever it takes me
You cannot trace me, never erase me
I'm doin' my own thing, still doin' my own thing
You cannot fade me, never erase me

I'm goin' on without you
There's nothin' left to rescue
Leavin' every kiss behind
No need to follow me
Blame it on honesty
Truth is unjust, can't pretend
I'm more than just a new trend

What are you doin', I'm ridin' the highways
I'm racin' for first place, stuck on a bad day
You're thinkin' of my face, now that I moved on
Singin' a new song (This is a new one)
Fade as a shadow, I am a hero
I was a zero, now a Di Niro
I'm doin' my own thing, still doin' my own thing
You cannot fade me, never erase me

I'm goin' on without you
There's nothin' left to rescue
Leavin' every kiss behind
No need to follow me
Blame it on honesty
Truth is unjust, can't pretend
I'm more than just a new trend

More than just a new trend

I know I can't stay
Though it hurts today
Let it wash away

No regrets, I found myself
Can't hold me down, once too far gone
I cannot fix you, kiss you, will not listen
While you gon' end your life

I'm goin' on without you
There's nothin' left to rescue
Leavin' every kiss behind
No need to follow me
Blame it on honesty
Truth is unjust, can't pretend
I'm more than just a new trend

I'm more than just a new trend
I'm more than just a new trend

I'm more than just a new trend
