

Powerful

Manafest

In my darkest hour
I can feel the power
Won't be devoured
Never been a coward
They stone sour
I'm gunpowder
If I say it louder
Can you hear me now?

I got the power
Counting down the hours
Till the whole world knows

This is what it's like to be
Powerful
Never gonna settle I'm on another level I'm
Powerful
I'm a let them know
I got the gold
I'm in control
I break the mold
I show the world
Just how powerful I can be

Power
Powerful
Power
Powerful

Had to pay my debts
Was a losing bet
And I knew what I could do
But had to prove
I wasn't finished yet
Was an up hill climb
Saw it in my mind
Recite the lines
Every time

I got the power
Counting down the hours
Till the whole world knows

This is what it's like to be
Powerful
Never gonna settle I'm on another level I'm
Powerful
I'm a let them know
I got the gold
I'm in control
I break the mold
I show the world
Just how powerful I can be

Power
Powerful
Power

Powerful

Had to fall so I could fly
Had to fail so I could rise
Had to break to feel alive
I'm alive, I'm alive, I'm alive

Power
Powerful
Power
Powerful
Powerful
Power
