

Silent Beast

Manifest

Been broke
Never broke down
Been choked
Never choked out

All in, never go out
Go north, I'm a go south
Renegade
Front page
Re-play
Catch me like a freeze frame

Street rage
All faith
All state
Started late, still coming
Like a heat wave

Jagged roads
Stacking O's
Far from a throne
Trying to crack a code
Cock back, aim
In a battle mode

Still star gaze
For a glimpse, for a hope
Still got faith
For intrinsic gold
Squeeze and hold
Streets of stone

I won't stop
Till my story's told
I'm a silent beast
It's deep inside
I'm silent beast
My kryptonite

Once I'm released
It's time to feast
No sign of peace
I'm a silent beast
It's my time

Can't ignore it
Outta orbit
You're a target headed for it
Clouds forming
Thunder storming
Dark morning
I'm swarming

Should've known
This is a warning

Some say I'm an animal

I'm too radical
Sorta supernatural, eh eh
Some say I'm an animal
I'm too radical

But I know
I'm a silent beast
It's deep inside
I'm silent beast
My kryptonite

Once I'm released
It's time to feast
No sign of peace
I'm a silent beast
It's my time

Jagged roads
Stacking O's
Far from a throne
Trying to crack a code

Still star gaze
For a glimpse, a hope
Still got faith
For intrinsic gold

I'm a silent beast
I'm a silent beast
Once I'm released
It's time to feast
No sign of peace
I'm a silent beast
It's my time
