

# Wake Me Up

Manafest

Woke up in a hospital  
Business as usual  
Devil tried to book my funeral  
I'm inmoveable  
Not beautiful, but hey

Doc what ye got for me  
Preacher, preacher come, come pray for me  
Jesus I'm no saint but please  
Save my soul I play for keeps

Wake me up  
And tell me it's just a dream

Living like I got nine lives  
Trial by fire  
I won't expire  
Tell me something  
That I can believe

Shivers going down my spine  
Survivor, angel  
Come and sing the choir

Living on the edge  
Like this all a dream  
Come and wake me up  
Can you rescue me

Living on the edge  
I start to fall asleep  
Don't believe in luck  
But I play for keeps

Oh waoh  
Oh waoh, ah oh

Why don't you wake me up if this is all a dream  
Oh waoh  
Why don't you wake me up wake me up

Is this heaven or hell  
Dark black whole  
Too drunk to tell  
Love my enemies  
Soul not for sale  
Probe my past  
Need cash for bail

I won't leave here scarless  
Humans can't be heartless  
We're all sons & daughters  
Finish what you've started

Living on the edge  
Like this all a dream  
Come and wake me up

Can you rescue me

Living on the edge  
I start to fall asleep  
Don't believe in luck  
But I play for keeps

Oh waoh,  
Why don't you wake me up if this is all a dream  
Oh waoh  
Why don't you wake me up wake me up

Misguided angel  
Gone too long

The faithful ones  
We come back home

The tables set  
My heart is warm

You woke me up  
I'm coming home

Living like I got nine lives  
Trial by fire  
I won't expire

Shivers going down my spine  
Survivor, angel  
Come and sing the choir

Living on the edge  
Like this all a dream  
Come and wake me up  
Can you rescue me

Living on the edge  
I start to fall asleep  
Don't believe in luck  
But I play for keeps  
Wake me up, wake me up

Why don't you wake me up if this is all a dream  
Wake me up, wake me up

Why don't you wake me up, wake me up  
Why don't you wake me up, wake me up  
Why don't you wake me up, wake me up
