

WARRIOR

Manifest

I fight like dynamite
Your kryptonite, better watch your back
I strike from the inside
Like a parasite, feel the thunder crack
Nah nah, won't look away
New blood is here to stay
If you wanna come, come get it

Hear this fighter roar
Hear this fighter roar
Champion, number one, never run
Hear this fighter roar

Hear this fighter roar
I am a warrior
Hear this fighter roar
I am a warrior
I've got the power
Hear this fighter roar

I hit from the blind side
You're paralyzed, I'm moving fast
I got you mesmerized
You're hypnotized, you're seeing black
Nah nah, won't look away
No, I can't feel the pain
If you wanna come, come get it

Hear this fighter roar
Hear this fighter roar
Champion, number one, never run
Hear this fighter roar

Hear this fighter roar
I am a warrior
Hear this fighter roar
I am a warrior
I've got the power
Hear this fighter roar

Champion, number one, never run
Hear this fighter roar
Hear this fighter

Hear this fighter roar
(Hear this fighter roar)
I am a warrior
Hear this fighter roar
(Hear this fighter roar)
I am a warrior
I've got the power
Hear this fighter roar
