

# You're Gonna Rise

Manafest

You're underneath the waves and wind  
You hold your breath as the ocean pulls you in  
You feel you're drowning and no one knows  
You hold your tongue cause you think you're all alone (you're not alone)  
But don't listen to the voices in your mind  
You're not going crazy, it'll be alright  
You don't have to fear what's up ahead

Cause I'll be the light at the end of your tunnel  
And you'll walk away from the grave of your sorrow  
And I'll be your sight when your eyes are blind  
As sure as the sun coming after the darkest night  
You're gonna rise  
You're gonna rise

You hide your scars cause you're ashamed  
But it's okay to admit you're not okay  
You wanna be healed, but don't know where to start  
When you feel like a body with a broken heart  
Some days are more than you can take

Cause I'll be the light at the end of your tunnel  
And you'll walk away from the grave of your sorrow  
And I'll be your sight when your eyes are blind  
As sure as the sun coming after the darkest night  
You're gonna rise  
You're gonna rise

I'll help you make your escape  
I'll be the breath you can't take  
I'll be the fire that will light the way and lead you home  
I'll help you make your escape  
I'll be the breath you can't take  
I'll be the fire that will light the way and lead you home

Cause I'll be the light at the end of your tunnel  
And you'll walk away from the grave of your sorrow

Cause I'll be the light at the end of your tunnel  
And you'll walk away from the grave of your sorrow  
And I'll be your sight when your eyes are blind  
As sure as the sun coming after the darkest night  
You're gonna rise (at the end of your [?])  
You're gonna rise (from the grave of my [?])  
And I'll be your sight when your eyes are blind  
You're gonna rise  
You're gonna rise
