Breakthrough

Mandisa

This is where my heart will beat again
This is where I get set free
This is where Your love is calling me
I'm ready, yeah, I'm ready

To cross over the line
Leave it all behind
Nothing's gonna keep me here
Oh, until I see a change
I'm lifting up Your name
There's freedom in the atmosphere

Oh, I feel like dancing, I feel like praising You
'Cause I know this is my breakthrough
I'm gonna see You move
This is my breakthrough
This is my breakthrough
I'm gonna break through

This is where Your word takes hold of me
And this is where my fear let's go
Your spirit is alive inside of me
I'm ready, yes, I'm ready

To cross over the line
Leave it all behind
Nothing's gonna keep me here
Oh, until I see a change
I'm lifting up Your name
There's freedom in the atmosphere

Oh, I feel like dancing, I feel like praising You
'Cause I know this is my breakthrough
I'm gonna see You move
This is my breakthrough
Oh-oh
This is my breakthrough
I'm gonna break through
Oh, this is my breakthrough (This is my breakthrough)
This is my breakthrough (Breakthrough)
I'm gonna break through
Oh-oh

Just like King David in 2 Samuel 5:20
We are dancing, and singing
And praising the God of the breakthrough
Now come on, and sing it with me, one time

I'll keep on dancing, I'll keep on singing
I'll keep on praising You
I'll keep on dancing, I'll keep on singing
I'll keep on breaking through
I'll keep on dancing, I'll keep on singing
I'll keep on praising You
I'll keep on dancing, I'll keep on singing
I'll keep on breaking through

Oh, I feel like dancing, I feel like praising You (Praising You)
'Cause I know this is my breakthrough (It is my breakthrough)
I'm gonna see You move
Oh, I feel like dancing, I feel like praising You (Praising You)
'Cause I know this is my breakthrough
I'm gonna see You move

(This is my breakthrough)
I'll keep on dancing, I'll keep on singing
(This is my breakthrough)
I'll keep on praising You
(I'm gonna breakthrough)
I'll keep on dancing, I'll keep on singing
(This is my breakthrough)
I'll keep on breaking through
