

## MothDisa - Interlude

Mandisa

I was looking outside the window and this huge Spider web  
But there was this like, the most beautiful elaborate Moth, tha  
t was on this, on this Spider web...

And the girls were like "Mommy, look at that, is that a butterf  
ly?" I'm like "I think it's a Moth."

And you could tell it was like, tryna get loose, but slowly fla  
pping its wings

But the more it tried to get away from the, the web, it got stu  
ck even more as it tried to set itself loose, right?

And all of a sudden, from the corner, was this big Spider, comi  
ng to like you know (devour) devour the Moth...

And then, it starts like, flapping, frantically trying to get l  
oose

And all of a sudden, in desperation I start going BANG to where  
literally, the, the Moth like, it sets the Moth free (thank yo  
u Jesus)

And the Moth flies away, and then the Spider just, goes back up  
to its quarter

And, I wish'd you could have seen, we were like "Woooh!!!", we  
were so happy, we were so happy'

And then, I felt like the (Jesus) Holy Spirit said "Disa," (yes  
!) like, it was just a whisper

It is a testament to me, that He hears His kids, and that the p  
rayers of a righteous person avails much

So it's just kinda like man, Lord, you hear us, you hear us
