My Deliverer

Mandisa

I was so helpless
Where did the light go
I had no hope left
Deep down in my soul
I was watchin'
I was waitin'
I was prayin'
I was stayin' down on my knees
That's right where You found me

My Deliverer, You rescued me from all that held me captive
My Deliverer, You set me free
Now I'm alive and I can live
So every moment I will give you praise
My Deliverer
Ooh my Deliverer

There's no pretending
I can't do it myself
I'm so dependent
Lord I need Your help
I'll be watchin'
I'll be waitin'
I'll be prayin'
I'll be stayin' down on my knees
That's right where You'll find me

My Deliverer, You rescued me from all that held me captive
My Deliverer, You set me free
Now I'm alive and I can live
And every moment I will give you praise

La la la la la I need You
You know whatever I'm goin' through
I'll be watchin'
I'll be waitin'
I'll be prayin'
I'll be stayin' down on my knees
That's right where You'll find me

My Deliverer, You rescued me from all that held me captive
My Deliverer, You set me free
Now I can live
My Deliverer, I'm no longer captive
My Deliverer, You gave Your life that I might live
So every moment I will give you praise
Yeah my Deliverer
I'm gonna give You praise
I'm gonna give You praise
My Deliverer
