

Out Of The Dark

Mandisa

Out of the dark, out of the dark
Out of the dark, out of the dark
Out of the dark, out of the dark
Out of the dark, out of the dark

I couldn't see
With all my mistakes and my regrets surrounding me
So in my shame I pulled away
But like the thief in the middle of a long cold life
You broke into the door of my heart
And You called me...

Out of the dark, out of the dark
Into the light
You said I'm never too far, never too lost
Never too broken
You [?] sunshine, keep the door wide open
When You called me
Out of the dark, out of the dark
Ou'-ou'-out of the dark, out of the dark
Into the light (into the light)
Into the light (into the light)

You light up the way
Show'd me Your world of living colour from the grave
I never dream of going back
I was deep in the shadows
I was blind and alone
But Your love shined down
And lit a fire in my soul
But You called me...

Out of the dark, out of the dark
Into the light
You said I'm never too far, never too lost
Never too broken
You [?] sunshine, keep the door wide open
When You called me
Out of the dark, out of the dark
Ou'-ou'-out of the dark, out of the dark
Into the light (into the light)
Into the light (into the light)

When the sun starts to break through
I saw the light on the day You called me out

When the sun starts to break through
I saw the light on the day You...
I saw the light on the day You called me...

Out of the dark, out of the dark
Into the light
You said I'm never too far, never too lost
Never too broken
You [?] sunshine, keep the door wide open
When You called me
Out of the dark, out of the dark

Ou'-ou'-out of the dark, out of the dark
Into the light (into the light)
Into the light (into the light)

Into the light
Into the light
