

# Stronger (What If We Were Real With Cold Ending)

Mandisa

Hey, heard you were up all night  
Thinking about how your world ain't right  
And you wonder if things will ever get better  
And you're asking why is it always raining on you  
When all you want is just a little good news  
Instead of standing there stuck out in the weather

Oh don't hang your head  
It's going to end  
God's right there  
Even if it's hard to see him  
I promise you that he still cares

When the waves are taking you under  
Hold on just a little bit longer  
He knows that this is going to make you stronger, stronger  
The pain ain't going to last forever  
And things can only get better  
Believe me this is going to make you stronger  
Going to make you stronger  
Stronger  
Stronger  
Believe me this is going to make you

Try and do the best you can  
Hold on and let him hold your hand  
Go on, fall into the arms of Jesus  
Oh lift your head it's going to end  
God's right there  
Even when you just can't feel him  
I promise you that he still cares

When the waves are taking you under  
Hold on just a little bit longer  
He knows that this is going to make you stronger, stronger  
The pain ain't going to last forever  
Things can only get better  
Believe me this is going to make you stronger  
'Cause if he started this work in your life

He'll be faithful to complete it  
If only you believe it  
He knows how much it hurts  
And I'm sure that he's going to help you get through this

When the waves are taking you under  
Hold on just a little bit longer  
He knows that this is going to make you stronger, stronger  
The pain ain't going to last forever  
In time it's going to get better  
Believe me this is going to make you stronger  
Going to make you stronger  
Stronger  
Stronger  
Believe me this is going to make you stronger  
Stronger  
Stronger

Believe me, believe me  
Hold on just a little bit longer  
The pain ain't going to last forever  
It's only going to make you stronger
