

Truth About Me

Mandisa

If only I could see me as you see me
And understand the way that I am loved
Would it give a whole new meaning to my purpose
Change the way I see the world

Would I sparkle like a star in the night sky
Would I give a little more instead of take
If I understood I'm precious like the diamond
I'm a worth noone could estimate
I'm a worth noone could estimate

You say lovely
I say broken
I say guilty
You say forgiven
I feel lonely
Say you're with me
We both know it would change everything
If only I believed the truth about me

I wish I could hold on to the moments
When my life is spinnin but I'm peaceful still
Like a wind you whispered in the silence
And tell me things this world never will
You tell me things this world never will

You say lovely
I say broken
I say guilty
You say forgiven
I feel lonely
Say you're with me
We both know it would change everything
If only I believed the truth about me

I would sleep better at night
Wake up with hope for another day
I would love even if it cost me
Take a chance and know I'm goin be ok
I would dare to give my life away..

Oh,I feel lonely
Say you're with me
We both know it would change everything
If only I believed the truth about me
If only I believed the truth about me
