

## Get It On

Mando Diao

I wanna be inside your mind  
Wanna be your borderline  
I don't wanna waste my time  
Do you?  
Sweet pain is all you got  
Fast cure is what I'm not  
Here I am your long lost pill  
I'm all 'bout thrills

Oh get it on  
When it's on then it's on  
Get it on  
Oh get it on  
When it's on then it's on  
Get it on

Here I am inside your mind  
Tell me how do you like my style  
Am I putting on a smile  
For you  
Sweet pain a long lost friend  
On me you can depend  
The hard truth: I don't need you  
But you need me

Oh get it on  
When it's on then it's on  
Get it on  
Oh get it on  
When it's on then it's on  
Get it on

Oh get it on get it on  
Just get it on  
Just get it on  
Just get it on
