

Leave My Fire

Mando Diao

Leave my fire, my fire alone
Leave my fire in the morning
Leave my fire in the evening

Read my lips, the words they say
Read my lips in the morning
Read my lips in the evening

Take whatever you need from here
And need me
I just wanna feel left alone for a while

Deja mi fuego, mi fuego solo
Dejalo en la madrugada
Deja mi fuego en la noche

Lee de mi labios lo que quiero decir
Lee mis labios mas que nada
Lee mis labios en la noche

Take whatever you need from here
And need me
I just wanna feel left alone for a while
For a while

Leave my fire, my fire alone
Leave my fire in the morning
Leave my fire in the evening

Read my lips the, words they say
Read my lips in the morning
Read my lips in the evening
