

Rooftop

Mando Diao

You got me hanging from the rooftop tonight
You got me hanging from the rooftop tonight
You got me hanging from the rooftop tonight
You got all

It's the new way moving slowly through the night
And your body ot's build for me satisfy
You got me sweating, then slepping all my back
You got me working but I keep you on my mind
Is here for ever, for ever on my mind
It's a sign

You got me hanging from the rooftop tonight
You got me hanging from the rooftop tonight
You got me hanging from the rooftop tonight

Rejecting by the silence, we've all
We got all
Still we fighting for all dreams to carry on
You got me linking the sugar from your lips
You got me sweating, then slepping all my back
You got me working but I keep you on my mind
It's a sign

You got me hanging from the rooftop tonight
You got me hanging from the rooftop tonight
You got me hanging from the rooftop tonight

You got me hanging from the rooftop tonight
You got me hanging from the rooftop tonight
You got me hanging from the rooftop tonight
Tonight, tonight, tonight
