

# Shake

Mando Diao

I've been waiting patiently  
For your love to set me free  
Been starving for too long on my own

Gravity can hold you down  
Shooting through my lonely mind  
Won't you take me home?

Shake me all around  
Shake me to the ground  
Shake me with no fear  
Shake me out of here  
I need somebody to call me honey  
Girl, you got me  
Won't you take me home?

Shake me all around  
Shake me to the ground  
Shake me with no fear  
Shake me out of here  
I need somebody to call me honey  
Girl, you got me  
Won't you take me home?

I've been trying endlessly  
To deny this chemistry  
How long can this go on  
I wanna know

Waking up the beast in me  
From a dream to ecstasy  
Won't you take me home?

Shake me all around  
Shake me to the ground  
Shake me with no fear  
Shake me out of here  
I need somebody to call me honey  
Girl, you got me  
Won't you take me home?

Shake me all around  
Shake me to the ground  
Shake me with no fear  
Shake me out of here  
I need somebody to call me honey  
Girl, you got me  
Won't you take me home?

Oh, find me up  
(Find me up!)  
Don't please me  
Just find me up  
(Find me up)  
Don't tease me  
(Don't tease me)  
Just find me up

(Find me up)  
Don't tease me  
(Don't tease me)  
Don't tease me  
(Don't tease me)  
Hey, girl!  
Shake me all around  
Shake me to the ground  
Shake me with no fear  
Shake me out of here

Shake me all around  
Shake me to the ground  
Shake me with no fear  
Shake me out of here  
I need somebody to call me honey  
Girl, you got me  
Won't you take me home?

Shake me all around  
Shake me to the ground  
Shake me with no fear  
Shake me out of here  
I need somebody to call me honey  
Girl, you got me  
Won't you take me home?
