

Upside Down

Mandolin Orange

I knew right from the start
You'd come along and break my heart a thousand ways
And put it back together again
You could've been anyone
You came along like a setting sun
On a hard day I thought would never end

I've been haunted all my life, kept a light on day and night
Just a fool's way to see what can't be seen
I have something on my mind, was it you on the other side
Just trying to find your way home to me?

Now your footsteps echo in the hall
You've known me all your life
I swear I've missed you all of mine
And now you're here
And I'll always be right by your side
In this and the next life

I'm yours and you are mine
I'm yours and you are mine
I'm yours and you are mine
I'm yours and you are mine

Oh, look at miss-blue-eyes running 'round
Oh, the sweetest sight I have found
Turned the whole world upside-down
