

Angel Dust

Mandragora Scream

Livin' your life
I was callin' you
bein' arisen you are lost in the dark...
you7 have a sin
down and deep inside
you could have learnt
without choosin' to die...
only this time can change your mind,
only your faith can make you fly,
only this time can take you higher,
you a
Only this time can change your mind
you can't live without your sighs
I lost my life to save my pride
I believe in all my cryin'
Live in all my cryin'...
live without your sighs
only your faith can make you fly
you have feigned to say your lies
I can live wihout your eyes
I see the twilight in your sigh....
