Dark Lantern

Mandragora Scream

Never again will I taste in your passion this vain call that di
es.
Never across sacrifice will I lose my dark guide.

Dazed in my dark and ephemeral wail that rapes
A cool light in a corpse-like haunted nightmare. I die.
Never in life (After tonight). Through my sighs (Don't you chan
ge). I will lie.

Always arising over mouldering, enlightened swear,
Never a light can die, Dark Lantern, darkling in light.

Wavin this shine, overwhelmed by this whirl and you engraving m
y gaze heavenwards in your face
Are greedy of grace and lust, grasping your heart. You mourn th
rough rising of holy embraces.

Groaning through this tearflow, I feel, it's getting dark.

Always arising over mouldering, enlightened swear,
Maybe this light Blind lantern, in the silence is blinding my m
ind.
Always arising over mouldering, enlightened swear,
Never a light can die, Dark Lantern, darkling in light.

Always arising over mouldering, enlightened swear,
Never a light can die, Dark Lantern, darkling in light.
Always arising over mouldering, enlightened swear,
Maybe this lantern the silence cries (Don't you change) and lie
s.
