

Sing

Mandy Capristo

Between each breath we breathe
We soon forget
If this is all a dream
Don't wake me yet

CHORUS

Just sing if you love someone
Sing if you've lost someone
When you feel you have all you want
Sing when it's all you've got
Beneath this breathless sky
We'll make a stand
To find ourselves tonight
It's all we

CHORUS

When it's all you've got (3x)
It's all we've got
