

Light

Mandy Harvey

I know what lives way down below
Made me a home long time ago
It's calling now, it's calling
Peel the cobwebs off my chest
Find the feel or I forget
It's calling now, it's calling

Even though I'm breakin'
In the light
I wanna be real
I wanna feel, wanna feel
In the light
I wanna be real
I wanna feel, wanna feel it

Warmth of the sunshine, kiss the wind
Tellin' me stories, whisperin'
It's closer now, it's closer
The quiet fades, I start to cry
Tears of joy 'cause I'm alive
Alive

Even though I'm breakin'
In the light
I wanna be real
I wanna feel, wanna feel
In the light
I wanna be real
I wanna feel, wanna feel it

In the light
I wanna feel, wanna feel it
In the light
I wanna feel, wanna feel it

Feel my heart open wide
Even though it's breakin'
In the light
I wanna be real
I wanna feel, wanna feel
In the light (In the light)
I wanna be real
I wanna feel, wanna feel
In the light (In the light)
I wanna be real
I wanna feel, wanna feel
In the light (In the light)
I wanna be real
I wanna feel wanna feel it
