

Reminiscing

Mandy Harvey

Let's go back
To the time when it was just magical
When all was quiet and still

You pulled me in
Held me tight
And swayed to the classics
In the dim light

I'm lost in reminiscing
And I, couldn't been happier

Take a walk outside
Ignoring the busy
I'll stare at the light in your eyes

It's the same as old times
The years haven't changed us
Just getting better like wine

I'm lost in reminiscing
And I, couldn't been happier

Let's hide under the tree
Dream of a world just you and me
We'll laugh as we go
Sleigh bells and lights
And mistletoe

I'm lost in reminiscing
And I, couldn't been happier
I'm lost in reminiscing
And I, couldn't been happier
