

Waking Up

Mandy Harvey

This won't be the last time I think of you
But this is your last song
I'm tired of going in circles
Tryna figure out what I've done wrong

You left a wake
You left a crater
On your side of the bed
And I keep waiting
And I keep hoping
For you to hold my hand
(Sha-la-la-la-la-la-la-ooh)

But I'll wake up in my dream
And I'll step into sunlight
It looks scary and there's pain, but
I know I'll be alright
I can't fix the way you feel
I can't fix how you treat me
But I... I can fix me

This won't be the last time I wonder why
It took me so long
To admit [?] all alone

You left a wake
You left a crater
On your side of the bed
And I keep waiting
And I keep hoping
For you to hold my hand
(Sha-la-la-la-la-la-la-ooh)

So I'll wake up in my dream
And I'll step into sunlight
It looks scary and there's pain, but
I know I'll be alright
I can't fix the way you feel
I can't fix how you treat me
But I... I can fix...

Who I give my heart to
Not just give it away

So I'll wake up in my dream
And I'll step into sunlight
It looks scary and there's pain
I know I'll be alright

So I'll wake up in my dream
And I'll step into sunlight
It looks scary and there's pain
I know I'll be alright
I can't fix the way you feel
I can't fix how you treat me
But I... I can fix me
But I... I can fix me
