

Forgiveness

Mandy Moore

Forgiveness is not a favor
And sorry is just a word
We won't be friendly later
In spite of what you've heard

I wanted to be good enough for you
Until I wasn't good enough for me
Will I forgive you
Will I
Will I forgive you

You don't get to know
Doesn't matter how the cards get shuffled
It only matters how they're played
Your lies were never subtle
As if I didn't know the game

I wanted to be good enough for you
Until I wasn't good enough for me
Will I forgive you
Will I
Will I forgive you
You don't get to know

Forgiveness, it isn't for you
The forgiveness is for me
It's in the mountains I've been climbing
And the mark I'm gonna leave

I wanted to be good enough for you
But now I'm being good enough for me
Will I forgive you
Will I
Will I forgive you
You don't get to know

Will I forgive you
Will I
Will I forgive you
You don't get to know
Forgiveness
