

## Down Home

Manfred Mann's Earth Band

My sister is a Cajun, came from parts down in the South  
The last I heard from her she said that she was getting out  
Got busted and arrested 'cause I didn't like the food  
I told the manager, he said I think you better move

Down home, down home  
Well that's where I wanna be  
'Cause it's really good to be  
Down home

Got to take the night ride, I got to get away  
I've had my life in trouble ever since I came this way  
My Papa's in the [?], my momma's hittin' the booze  
I got to pack my bags 'cause I ain't got time to lose

Down home, down home  
Well that's where I wanna be  
'Cause it's really good to be  
Down home

Down home, down home  
Well that's where I wanna be  
'Cause it's really good to be  
Down home
