

# Aviator

Manic Drive

'Cause I'm an aviator  
Your love lifts me off the ground  
I ain't got momentum  
Not stopping now

I've tried my best breaking the laws of gravity  
It's not a crime, you'd think  
If so, I'm guilty  
'Cause I refuse to think that hope is out of reach  
They say I'm chasing dreams  
How foolish of me  
I've worked and pushed until I have earned my wings to fly  
So buckle in and hold tight  
'Cause I'm ready for the ride of my life

'Cause I'm an aviator  
Your love lifts me off the ground  
I ain't got momentum  
Not stopping now (I'm not stopping)  
'Cause I'm an aviator  
Travel the speed of sound  
Take off from a runway  
Not stopping now (I'm not stopping)  
I... and I'm overcoming all my fears of heights  
And I'm ready for the ride of my life  
'Cause I'm an aviator (I'm not stopping)  
'Cause I'm an aviator... Ooh

Take my sincere intent and take it to the end  
No turning back this time  
'Cause I'm destined to climb these obstacles  
No, I don't have dreams; I have goals  
No, I'm no Superman but I'll fly if it's Your plan  
I've worked and pushed until I have earned my wings to fly  
So buckle in and hold tight  
'Cause I'm ready for the ride of my life

'Cause I'm an aviator  
Your love lifts me off the ground  
I ain't got momentum  
Not stopping now (I'm not stopping)  
'Cause I'm an aviator  
Travel the speed of sound  
Take off from a runway  
Not stopping now (I'm not stopping)  
I... and I'm overcoming all my fears of heights  
And I'm ready for the ride of my life  
'Cause I'm an aviator (I'm not stopping)  
'Cause I'm an aviator... Ooh

No, there's no limit when it's with You  
You can take me higher than the moon  
I'm not stopping now, not stopping now  
No, there's no limit when it's with You  
You can take me higher than the moon  
I'm not stopping now, not stopping now

I... and I'm overcoming all my fears of heights  
And I'm ready for the ride of my life

'Cause I'm an aviator  
Your love lifts me off the ground  
I ain't got momentum  
Not stopping now (I'm not stopping)  
'Cause I'm an aviator  
Travel the speed of sound  
Take off from a runway  
Not stopping now (I'm not stopping)  
I... and I'm overcoming all my fears of heights  
And I'm ready for the ride of my life (I'm ready, I'm ready)  
'Cause I'm an aviator (I'm not stopping)  
'Cause I'm an aviator... Ooh
