

Crying

Manic Drive

Running from the memories
Hide against my will
I'm falling out, it's time I gave you up
If you want these things to change
I know it must feel strange
Just forget me

And I'll wait for you
If you want me to
Look at me in the eyes
Cause it's now or never

Leave me here
I'm sure I will be ok
As I'm crying
Lose your thoughts, forget your yesterdays
As I'm crying

I'm breaking down
Further away from the eyes
Further from the heart
Sunset disappears
And I'm left in the dark
Your will not my will be done
I won't change for someone
