

Luckiest

Manic Drive

When I look at my life
I see the hurt I try to hide
Through the pains that brought me tears
I've learned a vital thing this year

It was meant for me
I am the luckiest
It was meant to be
I am the luckiest
It was meant for me
I am the luckiest

I've seen sin at its best
Corrupting minds leaving lives a mess
But these strains that I once despised
Have made me stronger and more wise

It was meant for me
I am the luckiest
It was meant to be
I am the luckiest
It was meant for me
I am the luckiest

You were meant for me
Every time I slip and lose my grip
You were meant for me
You take my hand keep me from falling in
You were meant for me
You pick me from the dirty I keep tripping in

You were meant for me
I am the luckiest
It was meant to be
I am the luckiest
You were meant for me
I am the luckiest
