

# Singing in the Rain

Manic Drive

One, two  
One, two, three

Feel the vibe and hear the music  
Staying cool don't have excuses  
It's pouring outside but there's nothing to it  
No raincoat on, singing hallelujah

No sunshine but that fine  
It's the perfect weather to unwind  
Even if it starts to rain

Mamma used to say  
Stop and seize the day  
And dance like nobody's watching  
Sing even if it's raining

Don't care what they say  
Never play it safe  
And dance like nobody's watching  
Sing even if it's raining

Keep singing in the rain  
No stopping now  
Here comes the cloud  
Go on, keep singing, singing

Keep singing in the rain  
No stopping now  
Here comes the cloud  
Go on, keep singing, singing

Whenever you feel times get too tough  
Know Heaven's looking out for us  
So I'm smiling when the skies are grey  
And if the clouds comes out, Lord help me

No sunshine but that fine  
It's the perfect weather to unwind  
Even if it starts to rain

Mamma used to say  
Stop and seize the day  
And dance like nobody's watching  
Sing even if it's raining

Don't care what they say  
Never play it safe  
And dance like nobody's watching  
Sing even if it's raining

Keep singing in the rain  
No stopping now  
Here comes the cloud  
Go on, keep singing, singing

Keep singing in the rain

No stopping now  
Here comes the cloud  
Go on, keep singing, singing

Won't stop we're singing all night  
Even if the lightning strikes  
Don't need no sunny daylight  
As long as you are by my side

Tell ya my umbrella keep it lock tight  
Don't need it if it pours outside  
Whether or not the weather plays games  
I'll be singing in the rain

Mamma used to say  
Stop and seize the day  
And dance like nobody's watching  
Sing even if it's raining

Don't care what they say  
Never play it safe  
And dance like nobody's watching  
Sing even if it's raining

Keep singing in the rain  
No stopping now  
Here comes the cloud  
Go on, keep singing, singing

Keep singing in the rain  
No stopping now  
Here comes the cloud  
Go on, keep singing, singing
