Manic Street Preachers

Shed some skin for the fear within,

Ema j7

is starting to hurt me with everything.

C#mi

Freed from the memory,

Ami

escape from our history,

E

Ami

And I just hope that you can forgive us,

D

but everything must go,

Ami

And if you need an explanation,

D

then everything must go.

Look to the future it makes me cry

But it seems too real to tell you why

Freed from the century

With nothing but memory, memory

And I just hope that you can forgive us

But everything must go

And if you need an explanation

Then everything must go

C#mi

Ami

Freed us eventually just need to be happy, happy

And I just hope that you can forgive us

But everything must go

And if you need an explanation

Then everything must go

And if you need an explanation

Then everything must go
