

Why do my old bitches still hit me up  
Why is it when the commas show up, they show me love  
Bad karma, bad karma I never could give a fuck  
I got the 1z I trust, I got the 1z I trust

Still with the drama they been boomerang with the drama  
Swimmin in money they hungry I'm steady just dodging piranhas  
I'm in the cut been cutting them off yeah I got the katana  
Been in the cut with the homies been cuttin' the dollars

I got the 1z I trust, I got the 1z I trust  
I got the 1z I trust, I got the 1z I trust  
I got the 1z I trust, I got the 1z I trust  
I got the 1z I trust, I got the 1z I trust

I got the 1z trust I got the 1z I trust  
We just keep it hush we just keep it hush  
When we at the temple gotta roll one up  
Then I'm faded, faded, faded Kobe with the shot  
We can go mano a mano, slim chances you'll win like lotto  
Got a baddie with me on the balcony she thinks I'm guapo  
If you talkin business, Cyro he be on it pronto  
Line going [?] ya'll can't reach me til tomorrow

Why do my old bitches still hit me up  
Why is it when the commas show up, they show me love  
Bad karma, bad karma I never could give a fuck
