MANILA GREY

(North Bustin' Bangas)

I'm in my own zone concentrated  
Drawn to the feeling, all these new sensations  
Came through blazing ain't no hesitations  
Ain't no one phasing me

It's 3am in the morning  
Power slide all the corners  
I can hear the silence  
You can't scuff my armour  
Road paved by my OG's  
Do this in their honour  
That's why I'm never caught up

Don't need no answers  
Only sign I need are dollar signs  
Only tears I dry are from Momma's eyes  
Always on that strong, still gucci to drive  
Foreign godspeed long as I'm alive

Once you get the 1z going ain't no one safe homie  
Never catch me shake homie, never catch me run  
High thinkers, high figures  
Even with the baddest bitch  
Dog that can't save your bad business  
2020 scope, 2020 sight yeah  
Death he got aces showing, still it's all hits for me til' I get the scythe  
yeah  
No hard feelings  
Jealousy a disease, you should try healing

Thousand CCs, bandos, I got 4  
750, 6 speed, I got horse  
G ride, Blame Sol, that's the boy  
Reckless minds, never paranoid  
Unrelated  
Fuck all the snakes they saturated  
Moves that I make all calculated  
Hunnid racks in all allocated  
Hear no evil, see no evil, shot my demons now I'm
