

Comfortable In Silence

MANILA GREY

(In this lifetime, we should disco
Oh, you remind me love is simple)

It's about me and you
Oh, it takes two
It could just be me and you
You could hold my hand when you're feeling blue
Oh, give me a chance I could be someone new
When I'm back in the city I'm back with you

Smokin' a pound
Baby fuck all the noise right now
Its you and me right now
Oh baby, this love we found
I'ma hold it down
You taught me how to be comfortable in the now
You taught me how to be comfortable in silence

(How to be, how to be, how to be
Comfortable in silence
How to be, how to be, how to be
Comfortable in silence)

Skyline through my window
Oh, you remind me love is simple
In this lifetime we should disco
Oh, you remind me love is simple

Tell me what you want to do, girl I'm here for you
If you want to talk, I'm all ears for you
Yeah the silence in between, let it sing to you
Looking forward to the day I buy a whole ass diamond ring for you
Girl, you know we seen things
Seen things together, both grew together
And we healed our past traumas cause we wanted to be better
For each other
Better off as lovers
Better to storm whatever weather comes
I want you to be my forever love

When I met you
Nah, I couldn't fall back had to get you
What you mean call back had to text you
Yeah, when we got together had to flex you
I pray this lifetime never ex you

(Skyline through my window
Oh, you remind me love is simple)

You and I understand each other
A level that nobody knows to understand
(How to be, how to be, how to be)
I know you, and you know me
(Comfortable in silence)

(How to be, how to be, how to be
Comfortable in silence)

Skyline through my window
Oh, you remind me love is simple
In this lifetime we should disco
Oh, you remind me love is simple (simple)
