Cut the bullshit, cut the snakes
Cut the cheddar for the gang, for the gang

Bezel on me Cartier's clear as VVs nowadays

All my wolves they dripped up in designer can't nobody stop us
We'll forever prosper, do you see the roster?

All my OG watching over me, I feel them shining on us
Yeah I feel the fire, I hold my head up higher

In the wraith we moving at the speed of light
Fought my demons feeling free tonight
Don't take my shine away
Can't take my shine away

All my sins keep me up can't close my eyes
Shadows in the night take me by surprise
Don't take my shine away
Can't take my shine away
