

Disco Eyes

MANILA GREY

Won't you leave and vanish with me
You ain't gotta lie
Oh play me play me baby I won't mind
That you lookin' to gain status from me
No you ain't gotta lie
Just play me play me baby I won't mind

Oh, I see diamonds in your eyes oh
Out here putting in the time oh
Open up, you ain't gotta lie no more
Fur coat you rockin' made the wolf cry
Oh no not lookin' for love at the disco
Dancing queen tell me what I'm in for
Who are you outside the dance floor?
Won't you tell me what I'm in for

We could get down tell me what you want with it
Reaching for my phone been a minute since I hit it, let me hit it
Want to see that aura and that spirit
Like a baby in your stomach you gon feel it
Pussy pussy real good good I'ma kill it
You know me I bring it then back to business
I'ma make your eyes roll back yeah until you see the vision
I got both your legs up I'ma do some long division like yeah, yeah, yeah
We'll have ourselves a wild night baby
You know that the times right
See the fire in your brown eyes
You a 10 all around like a high five

Yeah, yeah, yeah
I got what you need
Yeah, yeah, yeah
I'm a different breed
Yeah, yeah, yeah
You trust me to set you free so you tell me

Won't you leave and vanish with me
You ain't gotta lie
Oh play me play me baby I won't mind
That you lookin' to gain status from me
No you ain't gotta lie
Just play me play me baby I won't mind

Won't you leave and vanish with me
You ain't gotta lie
Oh play me play me baby I won't mind
That you lookin' to gain status from me
No you ain't gotta lie
Just play me play me baby I won't mind

Yeah, yeah, yeah
I got what you need
Yeah, yeah, yeah
I'm a different breed
Yeah, yeah, yeah
I'ma set you free
Yeah, yeah, yeah

Make you scream like
Yeah, yeah, yeah

Baby I touch down Metro Manila
Heatwave shawty feeling like a fever
You gone, gone off of that tequila
Now your hips swaying side to side like Shakira
So tell me what's going down
You, you been around
Nights they come and go
But you, you haven't found
What you're really looking for
Things ain't always beautiful
What you really in it for

Won't you leave and vanish with me
You ain't gotta lie
Oh play me play me baby I won't mind
That you lookin' to gain status from me
No you ain't gotta lie
Just play me play me baby I won't mind

Won't you leave and vanish with me
You ain't gotta lie
Oh play me play me baby I won't mind
That you lookin' to gain status from me
No you ain't gotta lie
Just play me play me baby I won't mind
