Money bags in the back huh
If I lose it I'll make it back uh huh
Midnight drift, I midnight drift these graveyard shifts
This that shakedown midnight blitz
All my 1z in the city (In the city)
Made it out and they still with me
Money won't change me, can't be me, can't free me
What I want vs what I need is all the same believe me

I'm on the Eastside
Midnight paper route

Back then didn't have no Benz
Back then only had few friends
Till now only trust few friends (Till now I trust few)
Drop off midnight you see it (Yeah you see it)
Got a whole family to feed
Drop off midnight you see it
This shit bout to come with a fee
Drop off midnight you see me
Now the whole gang overseas
I came from the trenches and now we respected
I saw a diamond put that on my necklace
Put like 4 albums out all independent
