

# Raindance

MANILA GREY

Move with me  
You and me baby  
You and me baby  
Move with me  
You and me baby  
You and me baby

Bass blastin'  
(You want this and you want that)  
Raindancing  
(Give you this I give you that)  
Bass blastin'  
(You want this and you want that)  
Raindancing  
(Give you this I give you...)

Dark angels above me  
All these temptations  
All Gucci, we all civil  
But we all sinners  
Slow summers  
But my runners still run for me  
1z co. we all eat, we all co-founders  
Money lush, lush, lush  
Never too much  
Never bout me, all about us  
Youth water rain season  
Started with a seed these days the fruit sweet  
Snakes finally got Eve  
So I had to make it even  
Made it look easy, easy, baby  
Hot inside that teddy coat ready  
Pull up in Mercedes  
Bass really heavy, Shawty

Move with me  
You and me baby  
You and me baby  
Move with me  
You and me baby  
You and me baby

Bass blastin'  
(You want this and you want that)  
Raindancing  
(Give you this I give you that)  
Bass blastin'  
(You want this and you want that)  
Raindancing  
(Give you this I give you...)

LDR, we both got scars  
If a bitch tried to pull up to me know you'd go to war  
MAR, a little fierce fierce  
Caught in a dance rain taste the tears tears  
Pull up slide thru, shawty ain't no need to hide  
You a mix of blue hunnids and the finest wine

See you on the off time, from like time to time  
See the future see the dollar signs in your mind on your eyes  
(Fuck that looks good)

Rain man with the muhfuckin' numbers  
Raindance with the muhfuckin' aunties  
You raindance with the muhfuckin' money  
Raindance even when it's fucking sunny

Raindance till my banko looking dummy  
Haha cause your banko looking funny  
Dada she call me daddy  
Uh huh, she love me love me  
Mantra money dies and we live lovely

So move with me  
You and me baby  
You and me baby  
Move with me  
You and me baby  
You and me baby

Bass blastin'  
(You want this and you want that)  
Raindancing
