

## Restart

MANILA GREY

Uh huh, you my sunshine, uh huh  
On the bright side, uh huh  
On the bright side, uh huh

I couldn't up and leave your side  
Couldn't up and leave behind  
Could you imagine?  
Uh huh (On the bright side uh huh)  
You feel the fear of losing me  
I feel the fear of losing mine  
We have so much passion  
Do we understand it?

Right there when I started mackin'  
I knew I knew  
That you could go and spark the magic  
I made a move  
Love ain't love if it ain't tragic  
That's beautiful  
A woman that's compassionate  
How can I lose?

I can only give you more  
Never turn the other way and shut the door  
(Shut the door on you)  
Te qui ero, te amo, mi amor (mi amor baby)  
If I'm gone today you have my heart always  
You have my heart

I couldn't up and leave your side  
Couldn't up and leave behind (couldn't up and leave behind)  
Could you imagine (could you imagine, could you imagine)  
Uh huh (On the bright side uh huh)  
You feel the fear of losing me  
I feel the fear of losing mine (feeling like I'm losing mine)  
We have so much passion (so much passion)  
Do we understand it? (do we understand it)

I couldn't up and leave your side  
Couldn't up and leave behind (couldn't up and leave behind)  
Could you imagine (could you imagine, could you imagine)  
Uh huh (On the bright side uh huh)  
You feel the fear of losing me  
I feel the fear of losing mine (feeling like I'm losing mine)  
We have so much passion (so much passion)  
Do we understand it? (do we understand it)

I'ma fly you out Paris, Japan  
I know you been stressed baby, gotta find your zen  
You feel it in your chest, I feel it in my heart  
Feelings ain't lost we can always restart  
I'm just trying to talk

My demons the only one I'm sleeping with  
You call it treason and ask me why I can't commit  
Trust, trust, trust me  
Don't leave me just love me

(Don't leave me just love me)  
(I won't leave)  
I won't leave just love me  
I know we both feel the disconnect  
(Trust, trust, trust me)  
I feel like I'm losing you...

I couldn't up and leave your side  
Couldn't up and leave behind  
Could you imagine  
Uh huh (On the bright side uh huh)  
You feel the fear of losing me  
I feel the fear of losing mine  
We have so much passion (Could you imagine)  
Do we understand it?

I couldn't up and leave your side  
Couldn't up and leave behind  
Could you imagine  
Uh huh (On the bright side uh huh)  
You feel the fear of losing me  
I feel the fear of losing mine  
We have so much passion (Could you imagine)  
Do we understand it? (Could you imagine)
