

Flaming Metal Systems

Manilla Road

Beware, the shrapnel flies
Flaming through the night
This night, tonight!

The fever of blood runs high
Lightning strikes from the sky
This night, tonight!

Take them down
Down to the ground
Fire away!
Oh, I know
Just how you feel
Give them hell
With flaming bloody steel

In this world's darkest hour
Up the hammers to stay
Don't throw it away!

Flaming metal systems
Blazing to the fight
This night, tonight!

Axe victims of wisdom cry
Teaching themselves to die
This night, tonight!

Take them down
Down to the ground
Fire away!
Oh, I know
Just how you feel
Give them hell
With flaming bloody steel

In this world's darkest hour
Up the hammers to stay
Don't throw it away!

Take them down
Down to the ground
Fire away!
Oh, I know
Just how you feel
Give them hell
With flaming bloody steel

In this world's darkest hour
Up the hammers to stay
Don't throw it away!

Lightning strikes...
Thor's hammer...
Flaming metal systems

Titans clash...

Cannons roar...
Flaming metal systems

Ships of steel...
Funeral pyre...
Flaming metal systems

Burning cross...
Sword of fire...
Flaming metal systems

Yeah! Yeah! Yeah! Yeah!
Yeah! Yeah! Yeah! Yeah!
Yeah! Yeah! Yeah! Yeah!
