

## Into the Maelström

Manilla Road

Drawn into the maelström  
Brothers three lost at sea  
A cyclone of mayhem  
Spiraling to the deep

The waters of bedlam  
Scream to thee deafening  
Hopeless situation  
Puppets on a string

Inside of the maelström  
Waves like ice, black as night  
A whirlpool of chaos  
Triton's eye opens wide

Descent into madness  
Most have died, one survived  
From out of the abyss  
I escaped alive
