

# Kings Of Invention

Manilla Road

The battles rage across Mesopotamia  
Giving birth to the land of kings  
A war between Sumer and the Akkadians  
Brought forth a civilized world dream

A world of dreams and fears  
The birth pangs of a new bronze age  
The truth of life is here  
The words are written in the clay

Before the times of great kings of Assyria  
Before the rise of Babylon  
Before the light of Luxifera was a thought  
The lore of Gilgamesh was taught
