

# Stand Up

Manizha

Stand up, stand up  
Can you feel how deep is my love?  
It's so real, I'll never let you go  
Oh please understand you're my man  
You're my man, you're my man, you're my man  
Stand up, stand up  
Can you feel how deep is my love?  
It's so real, I fall into this like a little kid  
I don't give, I don't give, I don't give a shit  
That you are not in love with me  
You are not in love with me  
You are not in love with me  
What the-?  
You are not in love with me

So this is my truth  
Oh yeah I will prove it to you again  
Boy, that really hurt  
'Cause you're with her  
Oh I hate this so much

Stand up, stand up  
Can you feel how deep is my love?  
It's so real, I'll never let you go  
Oh please understand you're my man  
You're my man, you're my man, you're my man  
Stand up, stand up  
Can you feel how deep is my love?  
It's so real, I fall into this like a little kid  
Yeah, I don't give, I don't give, I don't give a shit  
That you are not in love with me  
You are not in love with me  
You are not in love with me  
You are not in love with me

So this is my truth  
Oh yeah I can prove it to you again, whoa  
Boy, that really hurt  
'Cause you're with her  
Oh I hate it so much

Stand up, stand up  
Can you feel how deep is my love?  
It's so real, I'll never let you go  
Oh please understand you're my man  
You're my man, you're my man, you're my man  
Stand up, stand up  
Can you feel how deep is my love?  
It's so real, I fall into this like a little kid  
Yeah, I don't give, I don't give, I don't give a shit

Stand up, stand up (Stand up, stand up)  
Stand up, stand up (Stand up, stand up)  
Stand up, stand up (Stand up, stand up)  
Oh oh oh oh
