

Get It Girl

Mann

Oh no no no no,
Uh the way you look at that,
Uh the way you look at that,
From the... to the back
Shawty know she bad
Get it, get it, get it, get it
Let me hear you
Get it, get it, get it, get it
Shawty with it, with it
Now why don't we roll to my place now
You can just chill we ain't gotta do nothing
Make yourself at home
... go on baby
You can do it like

She bad bad, shawty thick thick
Hair done, red lipstick
Type of girl that could make a pimp trick
Get the phone now, take a trip trick
Bad she with it on the...
Watch her get it on the floor
Round and round and round she go
If she did it now you know
... I want, let's leave the club and let's blow this joint
Exit through the back, take it to the bad yeah
Cause our booty got swag

Uh the way you look at that,
Uh the way you look at that,
From the... to the back
Shawty know she bad
Get it, get it, get it, get it
Let me hear you
Get it, get it, get it, get it
Shawty with it, with it
Now why don't we roll to my place now
You can just chill we ain't gotta do nothing
Make yourself at home
... go on baby
You can do it like
Get it girl, get it girl, get it girl

She go hard hard, I go hard too
Live in the moment, wasn't that through
Other guy she talk to, awful
I can show you how a true boss do
Girl my buzz is off the chain,
Everybody know my name
Call me man... swahhing heavy in the game

... I want, let's leave the club and let's blow this joint
Exit through the back, take it to the bad yeah
Cause our booty got swag

Uh the way you look at that,
Uh the way you look at that,
From the... to the back

Shawty know she bad
Get it, get it, get it, get it
Let me hear you
Get it, get it, get it, get it
Shawty with it, with it
Now why don't we roll to my place now
You can just chill we ain't gotta do nothing
Make yourself at home
... go on baby
You can do it like
Get it girl, get it girl, get it girl

... shake the spot, right now
We can take it back to my house
Sneaking bottles out, the club
Tonight... kick, ...
... shake the spot, right now
We can take it back to my house
Once we at the crib... damn that ass is fat

Uh the way you look at that,
Uh the way you look at that,
From the... to the back
Shawty know she bad
Get it, get it, get it, get it
Let me hear you
Get it, get it, get it, get it
Shawty with it, with it
Now why don't we roll to my place now
You can just chill we ain't gotta do nothing
Make yourself at home
... go on baby
You can do it like
Get it girl, get it girl, get it girl
