

In Love Again

Mannequin Pussy

If you start to wave
Yeah, I would join in
Yeah, oh I would take your hand
I start walking
Oh look, it's an old friend
Share a drink, a look, a kiss
Oh no, it's starting again

Walking up to you
I know that oh this love
Is starting again

And it keeps getting better
Oh, it keeps, keeps getting better
I cried out and fell out the center
I'm so high, I want this forever

Let's start anew
Let's see it through
I'm so happy laying here with you
I'm in love with you
