

## Nothing Like

### Mannequin Pussy

Nothing like  
The shape of you  
Entering a room  
I spin round you

Nothing like  
Those words you say  
As they leave your mouth  
And float my way

And I  
I kept you waiting  
And I  
I kept you waiting  
I don't want to deny  
Oh I fear I can't hide  
That sometimes I want you  
You!

Nothing like  
The taste of you  
I whisper into it  
Words I won't admit

Nothing like  
Oh my useless life  
It meant close to nothing  
Until I breathe the air you breathe

And I  
I kept you waiting  
And I  
I kept you waiting  
I don't want to deny  
Oh I fear I can't hide  
That sometimes I want you  
You!  
You!  
You!  
You!

Oh what's wrong with dreaming of burning this all down?  
If it's what you want, I would give my life  
Oh what's wrong with the little things you want?  
If it's what you want, I would give my life  
Oh what's wrong with dreaming of burning it all down?  
If it's what you want, I would give my life
