

# Rakhia

## Mantra

One two three  
Come and have a drink with me  
Four, five, six  
The room is full of dicks  
Hey little girl  
Show me your little tricks  
You are my only choice  
Just listen to my voice

Seven, eight, nine  
I drank all the wine  
Nine, eleven, ten  
I am the real man  
Just look in to my eyes  
'Cause I am the real prize  
Just look into your eyes  
You'll see the real size

Rakhia, oh rakhia!

Lalala

A B C  
It makes me feel free  
D F G  
Rakhia got me  
Another night without big bangs  
I still have my fingers but it's a shame

Lalala

Somewhere, out there  
A place to nowhere

Rakhia, oh rakhia!

Lalala

Somewhere, out there  
A place to nowhere

Lalala
