

Patchanka

Mano Negra

Whoa Patchanka
No llores mi vida no llores
Más lágrimas de colores
Llegó el tramor con su tumbao
La patchanka nos espera
La patchanka is the wild sound, patchanka is the wild sound for
proud souls
Antonio del Borno a la trompeta
Y Garbancito aprieta, aprieta
La vasca grita, "demasiao"
"No pegues tan fuerte, desgraciao"
No llores mi vida no llores
Más lágrimas de colores
La patchanka is the wild sound, patchanka is the wild sound for
proud souls and lonely hounds
Patchanka, where is the wild sound?
Patchanka, where is the wild sound?
Patchanka, where is the wild sound?
Patchanka, where is the wild sound?
La patchanka, where is the wild sound?

Vámonos a por la luna en el cielo
Vámonos ya que la luna se va
Síguela, pa que no muera la noche
La patchanka no espera
La patchanka is the wild sound
Patchanka is the wild sound
Patchanka is the wild sound
Patchanka is the wild sound for proud souls and lonely hounds
Patchanka is the wild sound
Patchanka is the wild sound for lonely hounds
La patchanka, is the wild sound
Patchanka, is the wild sound
Patchanka is the wild sound for lonely hounds
