

Black List

Manowar

See the writings on the wall
If you can read
There's a black list
Got one name and it's me
Yea i got no invitation
But i won't leave
Gonna keep on fighting
For everything that's me

It's my life
I'm living free
Ain't nobody nowhere
Got no chains on me

See the writings on the wall
If you can read
There's a black list
Got one name and it's me
Yea i got no invitation
But i won't leave
Gonna keep on fighting
For everything that's me

If you don't like me - tough, you better leave
Keep on fighting for the things i believe

See the writings on the wall
If you can read
There's a black list
Got one name and it's me
Yea i got no invitation
But i won't leave
Gonna keep on fighting
For everything that's me
Gonna fight for all the things
That make me breathe

And if you don't like it - tough
You better leave

See the writings on the wall
If you can read
There's a black list
Got one name and it's me
Yea i got no invitation
But i won't leave
Gonna keep on fighting
For everything that's me

if you don't like it
You better leave
