

# Hail and Kill

Manowar

Brothers I am calling from the valley of the kings  
with nothing to atone  
Dark march lies ahead, together we will ride like  
thunder from the sky  
May your swords stay wet like young girl in her prime  
Hold your hammers high

**Em** **D**  
Blood and death are waiting like a raven in the sky

**G D C D C**  
I was born to die

**Em** **D**  
Hear me while I live, As I look into your eyes

**G D C D C**  
Noneshall hear a lie

**Em** **D**  
Power and dominon are taken by the will

**G D C D C**  
By divine right hail and kill

**Em D C Em** **Em D C Em**  
R: Hail, hail, hail and kill, Hail and kill  
**Em D C Em** **Em D C Em**  
Hail, hail, hail and kill, Hail and kill

My father was a wolf

I'm the kinsman of the slain  
Sworn to rise again  
I will bring salvation, punishment and pain  
The hammer of hate is our faith  
Power and dominon are taken by the will  
By divine right hail and kill

R:

Rip their flesh, Burn their hearts  
Stab them in the eyes  
Rape their women as they cry  
Kill their servants, Burn their homes  
Till there's no blood left to spill  
Hail and kill  
Power and dominon are taken by the will  
By divine right hail and kill
