

Laut Und Hart Stark Und Schnell

Manowar

Brothers of metal, sisters of steel
We're here tonight for metal that's real
Now the losers say heavy metal's old
Their records are plastic, ours are gold

We're laut und hart stark und schnell
Manowar played giants fell
Laut und hart stark und schnell
If you don't like us go to hell

Battle Hymns cracked the earth
Into Glory we did ride
We said Hail to England
The Sign of the Hammer's our guide
We were Fighting the World
To be Kings of Metal
You witnessed the Triumph of Steel
Louder Than Hell
Warriors of the World made them kneel

We're laut und hart stark und schnell
Manowar played giants fell
Laut und hart stark und schnell
If you don't like us go to hell

Laut und hart stark und schnell
You don't like me, go to hell

Manowarriors here tonight
You have the power, you have the might
On the ground our enemies kneel
Crushed by the power of the lord of steel

Laut und hart stark und schnell
You don't like me, go to hell
Laut und hart stark und schnell
You don't like me, go to hell

Laut und hart stark und schnell
You don't like me, go to hell
Laut und hart stark und schnell
You don't like me, go to hell

Laut und hart stark und schnell
You don't like me, go to hell
